Happy birthday sissy!

Looking back at the last 4 years, apart from your dropped gorgeous and oh so pretty bestie, the best thing to have happened to me is to be able to find the sister that my heart always desired. We aren't siblings<sup>now</sup> just for name sake but for real. The first we met I knew we had some connection for the past life because HOW COULD SOMEONE BE SO ALIKE - from our time together where you just gave me gyaan to stay on the right track to seeing you accomplish such great things has been a true honour for me. I love you, more than I can ever express but always know that I am your brother forever - no matter the distance, no matter the situation, no matter the outcome! I've always got your back! Have a fantastic birthday sissy! I miss you tons and I can't wait to come give you an Adi special hug ASAP!
